

Service Snapshot

Services Provided

Epilepsy Management Plans, Seizure Management Plans

Personalised plans developed in coordination with families / informal carers, employers, schools, workplaces, disability support services etc.

Epilepsy Management Training

Suitable for support workers, carers, workplaces, aged care workers, family members or other support people.

We can also deliver training to manage non-epileptic seizures.

Education & Training Team

education@epilepsytasmania.org.au
Ph: 0456 231 632 or 0422 818 490

Assisted Technology Equipment

Information and support on accessing seizure monitoring devices that meet individual needs and requirements.

Comprehensive Support

Specialised staff can work one-on-one to assist with accessing services, referrals and other ongoing support that may be required.

We can also provide advice on seizure management, safety risk assessments and for maintaining independence.

Social Worker

Ph: 0439 439 041

Epilepsy Advisor

Ph: 0419 596 489

Registered Nurses

Ph: 0407 994 205 - North
